2. Registered cultivars are to be entered on scapes whose overall height does not exceed 30 inches, except for spider scapes which may not exceed 36 inches.

Cultivars listed on the official spider list must be exhibited in Section 6 unless they are: (1) a Popularity Poll exhibit, (2) part of a local collection, (3) a Youth Section exhibit, or (4) registered as a multiform cultivar, for example, as a Double/Spider, Double/Spider/Unusual Form, Double/Spider/Polymerous, Spider/Unusual Form/Polymerous or Spider/Polymerous (Refer to the Multiform Classification Code)

(Refer to Multiform Classification Code in this schedule).

JUDGING STANDARDS FOR ACCREDITED SHOWS

1. All judging of an accredited show will employ AHS standards.
2. All horticulture sections must be judged by AHS Exhibition Judges.
3. Each panel of judges shall be the final authority for each section and group in which it judges.
4. Only the Classification Chairman has the authority to disqualify any entry that is damaged or does not conform to the schedule.

5. The appropriate AHS scale of points will be used for (1) Registered cultivars on-scape, (2) Seedlings on-scape and (3) individual flowers or registered cultivars off-scape.
6. The AHS standard system of awards will be used.
7. All scapes receiving the AHS rosettes or purple ribbons must score 95 or above by the AHS scale of points.
8. Registered cultivars will be classified as registered, by size, and by form; they will be grouped alphabetically within each section. No distinction is to be made between the classification of diploids and tetraploids.
9. Each registered cultivar shall constitute a name class. A single entry may be given an award if the judges consider it a superior exhibit. An exhibitor may have only one entry per name class.
10. Each seedling or pre-registered cultivar (a pre-registered cultivar is considered a seedling) shall constitute a class to be judged on individual merit. Each entry may be given an award if considered a superior exhibit.
11. If Division I, AHS Rosettes-eligible Sections 1-10, are subdivided or judged by more than one panel of judges, the purple awards must be point scored to determine a single winner since there is only one AHS Rosette for each of these sections.

MULTIFORM CLASSIFICATION FOR SHOWS

Before 2008, polymerous flowers were exhibited in the corresponding single-flower sections by size. Even though these and multiform flowers are relatively few in numbers, they and multiform flowers are now exhibited as indicated below. In order to assist Classification Chairs in determining where to place them, a multiform classification code has been designed. A show section may be subdivided into classes if enough cultivars are entered to warrant it.

- One Second (Red) which must score 85 or above.
- One Third (Yellow) which must score 80 or above.

For registered cultivars, only one blue, red, and yellow may be awarded in any given name class. For seedlings, each exhibit in the section is judged on its own merit and is thus an award-eligible class.

LOCAL AWARDS

- ▶ **The Martha Seaman Award** rosette will be given for the best entry, scoring 95 points or more, in Section 14.

The AHS Achievement Medal is awarded to the originator of each entry of 3 scapes of the same seedling in Division I, Section 11 scoring an average of 90 points or more, and which in the opinion of the judges shows adequate merit and distinctiveness as compared with existing cultivars. Entries must be entered by number as assigned by the Classification Committee. Each of the judges on the panel assigned to judge the entries will point score each scape individually. The score sheets will be returned to the General Show Chair and Tabulation Committee Chair who will tabulate the scores. Scores will NOT be official until they have been verified by the Exhibitions Chair or the Exhibitions Committee.
